

Performance Rights for the Show

Licence Application

If you are planning to stage this musical, or to record the performance and/or songs, you will need to apply for a **Performing Licence**. 'Block' licences which your school/group may have do not cover performances of musicals, licences for which are **only available from publishers**. The revenue raised from Performing Licences is the main source of income for writers. Licence charges vary according to circumstances, but are **low in cost** and safeguard you from prosecution. A quotation for your proposed production may be obtained from Omega Zone Publishing by phone, fax or email.

To apply for a licence, complete the form below and post or fax it to:
